EXPERIENCE

TEAM LEAD DESIGN TEAM

Feb 2021 - Aug 2022

Hexom Infotech Pvt. Ltd. | Surat, India

As a Team Lead in a Design Team, my role is to oversee and guide a team of designers to ensure that they are delivering high-quality work that meets the needs of the client or company. My responsibilities include managing the workflow of the team, ensuring that projects are completed on time and within budget, providing mentorship and guidance to the designers on my team, and ensuring that all work produced by the team meets the required quality standards.

TEAM LEAD DESIGN TEAM

Jan 2020 - Jan 2021

Codexial Technology Pvt. Ltd. | Surat, India

I am responsible for communicating with clients, gathering requirements, and ensuring that the design team is meeting the client's needs and expectations. I have experience in strategic planning and setting the direction for the design team, identifying new opportunities and ways to improve the team's performance.

TEAM LEAD GAME DESIGN TEAM

Jan 2017 - Dec 2019

Phoenix Games LLP | Surat, India

Quality control has been a critical part of my role, and I have implemented processes to ensure that all work produced by the team meets the required quality standards. This includes reviewing all work before delivery and ensuring that it meets the client's needs and expectations.

SENIOR GRAPHICS DESIGNER

Jan 2016 - Dec 2016

Brainwire Infotech | Ahmedabad, India

As a Graphics Designer, I have been responsible for creating visually appealing designs that effectively communicate the client's brand and message. I have extensive experience in using design software such as Adobe Creative Suite, with expertise in Photoshop, Illustrator, and InDesign.

SENIOR GRAPHICS DESIGNER

May 2012 - Dec 2015

Coruscate Solutions | Surat, India

I am skilled in typography, layout, and color theory, and I approach each design project by first understanding the client's needs and goals. I then use my creativity and expertise to develop designs that effectively communicate their message and resonate with their target audience.

EDUCATION

DIPLOMA INFORMATION TECHNOLOGY

June 2009 - May 2012

Gujarat Technological University | India

A Diploma in Information Technology (IT) is a program designed to equip students with the knowledge and skills required to pursue a career in the fast-growing and dynamic field of technology. This diploma program typically covers a wide range of topics, including computer programming, database management, software development, network administration, cybersecurity, and web design.
