

Profile Summary

I'm a passionate BSCS student at GCUF in my 7th semester. Proficient in JS, C++, and Python, I thrive on solving complex problems and collaborating within teams. I've participated in hackathons, coding contests, and workshops, honing my skills and teamwork. Eager to delve into AI, machine learning, and software development, I aspire to contribute to innovative tech projects. With a strong work ethic and continuous learning mindset, I'm excited to make a positive impact in the field.
