# Ricardo Correia

**TECH LEAD | CTO | AI CONSULTANT |DATA & MACHINE LEARNING ANALYST | UI/UX DESIGNER | SENIOR FULLSTACK DEVELOPER | DIGITAL MARKETER | ECOMMERCE SPECIALIST | PRODUCT OWNER | PROJECT MANAGER**

My name is Ricardo Correia and I'm a 32-year-old IT enthusiast based in Braga, Portugal.

During the last 12 years I had the privilege of being involved in all phases of tech development while contacting with both state-of-the-art and legacy technologies, and with lots of international teams and projects.

Started my career as a Front-end Developer and quickly evolving into Full-Stack roles with some seniority, managing teams and projects, plan and architect, which makes me a complete – in my point-of-view – software engineer.
